4.5 MILLION BUILD UP AREA
SIX HUNDRED PLUS CLIENTS

MIDDLE EAST - INDIA

BUILT FOR YOU

An Architectural and interior consultancy, Across india and Middle east we lead in residential and commercial architecture, transforms spaces into extraordinary experiences. With over 20 years of expertise and 4.5 million square feet of meticulously crafted designs across India, we lead in residential as well as Commercial architecture.

ABOUT US

Our services include Master Planning, Architectural Designing, Interior Designing, Structural Designing, MEP, and Project Management Consultancy. Our philosophy merges cutting-edge concepts with timeless elegance, creating opulent yet minimalist designs that withstand time. We understand diverse landscapes and client needs, crafting spaces that are both visually stunning and functionally superior.

Our team of visionary architects, engineers, and specialists is driven by excellence, making each project an aesthetic marvel and a positive community impact. We collaborate closely with clients, infusing their vision with our innovative ideas. Committed to creativity, resourcefulness, and sustainability, we ensure each project reflects forward-thinking design and enduring beauty. At Arcon, we don't just build structures we craft legacies that showcase exceptional architecture.

OUR SERVICES

At Arcon, we offer a wide range of architectural services to help you bring your vision to life. Our process involves a meticulous approach that ensures the highest quality results.

MASTER PLANNING

Comprehensive development of large-scale projects, creating a cohesive vision for entire communities or complexes with strategic layout of buildings, infrastructure, and amenities.

ARCHITECTURAL DESIGNING

Creation of detailed plans and designs for buildings, considering aesthetics, functionality, and client requirements to bring unique architectural visions to life.

**INTERIOR
DESIGNING**

Transformation of interior spaces to enhance functionality, aesthetics, and user experience through careful selection of materials, colors, furniture, and decor elements.

**STRUCTURAL
DESIGNING**

Engineering of building frameworks to ensure stability, safety, and load-bearing capacity through calculation and design of structural elements.

**MEP
(Mechanical,
Electrical,
Plumbing)**

Design and integration of essential building systems including HVAC, electrical installations, lighting, and plumbing for comfort, safety, and efficiency.

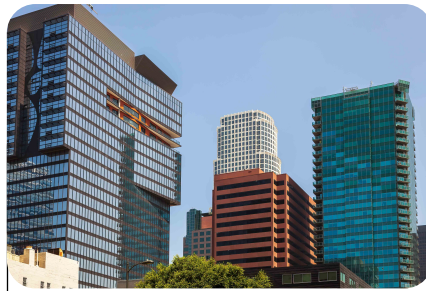

**PROJECT
MANAGEMENT
CONSULTANCY**

Overseeing projects with a focus on optimizing timelines and resources, ensuring high-quality deliverables across various quantities of tasks, while maintaining efficient management and cost-effectiveness throughout the project lifecycle.

OUR PORTFOLIO

With an in-depth understanding of architectural principles honed through years of experience and a keen awareness of the latest industry trends, we possess the unique ability to deliver designs that are not just innovative but also meticulously crafted to reflect the highest standards of quality. Our approach combines creative vision with technical expertise, enabling us to conceptualize and execute projects that consistently go beyond the ordinary. Every design we create is tailored to not only meet but exceed your expectations, ensuring that the final outcome is a harmonious blend of aesthetic beauty, functionality, and long-lasting value. We are dedicated to pushing the boundaries of design, continuously exploring new materials, technologies, and methodologies to bring your vision to life in ways that are both surprising and inspiring, making your experience with us as seamless and rewarding as possible.
